My dear Mr. Mung:-

I wanted to acknowledge the receipt of your specimens until I should have time to look them over and get them ready for mounting. I have just finished the job and am greatly pleased with all you have sent. Quite a number of your own collection are new to our herbarium, for instance *brishella* and *Nicolletia*. There are a great many new genera and species in the Nicaraguan collection which will add greatly to the

value of our cosmopolitan herbarium.
Let us not be uneasy about a specimen
more or less. I have had so many in-
sistent duties that I had to curb
my eagerness to see your plants.
What a pretty little thing is *Parishella*!
Your specimens are lovely and make
me ashamed of mine.

Yours sincerely
Alice Eastwood.
